

15 GALLON SPILL KITS & REFILLS L91315, L91315R, L91415, L91415R, L91515, L91515R

Issue: Most facilities that encounter leaks, drips, sprays or spills and are required to maintain a spill control plan. These spills can vary in size and severity. Potential safety hazards are present around machinery or storage areas where a risk of injury or chemical reaction is possible.

Solution: Be prepared with a spill control plan that can be implemented with absorbent products readily available to use in case of an emergency.

Description: OIL-DRI® offers spill kits designed for universal, haz mat and oil only applications. These kits have all the tools needed for emergency cleanup of small to medium sized spills. All items come packed in a plastic tote that can easily be carried by one man reacting to spills in a timely manner. Kits are designed to absorb up to 15 gallons of fluid.

Tote measures
