

Haz Mat Absorbents Product Data Sheet

Haz Mat Socks & Pillows L90891, L90836, L90895

Issue: Potential safety hazards are present around machines or in storage areas where leaks, drips, sprays or spills are most likely to occur.

Solution: A spill control plan should be developed with absorbent products readily available to control daily leaks and spills around your plant or to use in case of an emergency.

Description: OIL-DRI® Haz Mat Socks should be a part of every spill control plan. Haz Mat socks and pillows can be used to absorb and contain aggressive fluid leaks and prevent spills from spreading on the floor. Chemically designed to absorb caustic fluids without breaking down.

Features & Benefits:

- **Eliminates Guesswork** - Can be used on all liquids including acids and bases and unknown liquids
- **Superior Retention** - Fluid penetrates quickly so dangerous materials absorb fast and don't escape.
- **Yellow** - The widely recognized color for "CAUTION" and the industry standard for haz mat sorbents
- **Flexible** - Socks conform snugly to fit in tight spaces , around corners, and at machine bases. Pillows are great for heavier leaks and steady streams of fluid.
- **Incinerable** - Reduces disposal costs

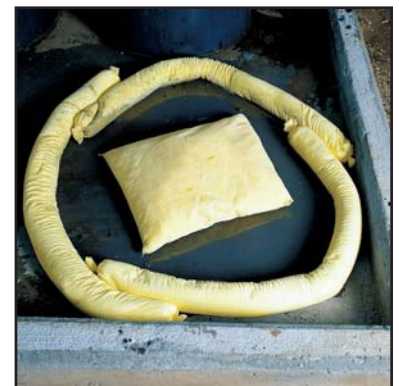

Product Specifications:

- **Composition:** Sock skin filled with recycled cellulose
- **Composition:** Chemically Inert Polypropylene
- **Color:** Yellow
