

Sweeping Compound Product Data Sheet

Sweeping Compound L91050-G40, L91025-G90

Issue: Traditional sweeping compounds come in many different package sizes and formulas that are designed for different floor surfaces. The formulas may include grit, gritless, oil-based, wax-base, water-base and others, while the package sizes can range from a 10 lb. box to a 300 lb. drum. To inventory all of these items can be a distributors' nightmare.

Solution: A patented 100% biodegradable sweeping compound formula that is safe and effective on all floors and is offered in easy to handle 25 lb. and 50 lb bags.

Description: Oil-Dri Sweeping Compound is an oil-free, 100% biodegradable product that is safe for use on any surface. This environmentally safe product is specially formulated to gather dust and dirt from floors without leaving behind an oily residue.

Features & Benefits:

- **Eliminates Guesswork** - Safe to use on all surfaces! This sweeping compound will not scratch or damage surfaces. Oil based sweeping compounds can leave harmful oils that can damage asphalt, rubber tiles, vinyl, and wood.
- **Environmentally Safe** - Oil-Dri Sweeping Compound contains 100% biodegradable ingredients including special detergents and dust preventing additives for maximum cleaning power. Contains no petroleum or hazardous components and meets California and Minnesota legislation prohibiting oil in landfills.
- **Oil Free Cleaning** - As it is pushed in front of a broom, the sweeping compound entraps dust and dirt without leaving behind an oily residue.
