

### Adhesive Backed Industrial Rug L90690

**Issue:** Potential safety hazards are present around machines or in storage areas where leaks, drips, sprays or spills are most likely to occur.

**Solution:** A spill control plan should be developed with absorbent products readily available to control daily leaks and spills around your plant or to use in case of an emergency.

**Description:** OIL-DRI® Adhesive Backed Industrial Rug shields and protects shop floors and work surfaces by absorbing fluids without allowing them to penetrate the non-slip poly backing. This absorbent rug's poly backing is treated with a light adhesive so it stays where you place it. Reduce tripping hazards and eliminate the shifting, rippling or bunching of traditional rugs. Great for high traffic areas. Easily cuts to any shape for multiple uses. Won't rip or tear even when saturated.

Adhesive backing keeps this rug in place.

- **Highly Absorbent**

Absorb oil, water, acid, ink, paint and more.

- **Stays Where You Put It**

Adhesive backing holds the rug where you put it. Reduce tripping hazards and eliminate the shifting, rippling or bunching of traditional rugs

- **Durable**

Strong enough to withstand foot traffic and forklift traffic without shifting, rippling or bunching.

- **Versatile**

Easily cuts to any shape for multiple uses. Use in Industrial/Manufacturing, Machine Shops, Construction and Auto Repair, Food Service, Grocery, Restaurants, Car Dealerships, Entryways and more.
