

PRODUCT DATA SHEET

OIL ONLY PADS

L90856, L90851, L90904, L90812, L90850, L90852, L90853

Issue: Potential safety hazards are present around machines or in storage areas where leaks, drips, sprays or spills are most likely to occur.

Solution: A spill control plan should be developed with absorbent products readily available to control daily leaks and spills around your plant or to use in case of an emergency.

Description: OIL-DRI® Oil Only Rolls should be a part of every spill control plan. This material is used to absorb petroleum based fluids while repelling water. Perfect for automotive and industrial plant applications, outdoor applications, and ideal for marine applications as this material can quickly remove floating oils from water. Quick absorbing speed and superior retention make this product an effective and safe solution for any petroleum based spill problem.

15" x 19" Pads

What is cover stock?

Spunbond cover stock is an ultra-light weight polypropylene fabric that adds an additional layer of strength and durability to melt blown material.

ITEM#	GRADE	DESCRIPTION	SIZE	PERF	QTY	PKG
